Class Levels:

We offer two levels of dancing for classes.
The effectiveness of visiting workshop teach-
ers is often hampered when the ability of
dancers in a class is less than expected for that
class. As a courtesy to the workshop teacher
and fellow dancers, please consider your level
of dancing when comparing it with the descrip-
tions below. If you are not sure, please ask
your regular teacher.

Level 1:

This level is for the less experienced dancer or
those who enjoy dancing at a less challenging
level, or those considering teaching. Dancers
should be able to dance a basic dance after
walking through from each position.

Level 2:

For the more experienced dancer who has been
dancing and attending classes regularly for at
least two years and

- has attended at least one previous
RSCDS workshop
- has a working knowledge of ALL
basic steps and common figures
- is learning more advanced figures
- is able to dance a new dance with
common figures competently after
only one walk-through
- can correct own errors by the
beginning of the next phrase.
